Subject: September 23 symposium

Dear Joe:

Jim Sadro made me aware of the oil symposium you are putting on at CSUF and that there may be some co-sponsorships available. My council finally came to a conclusion that they want to be a sponsor. It took so long because we are in an EIR process for oil drilling and nothing is simple here.

Just in case there is still time, I have attached our seal. If not, I completely understand.

Thank you.

Shauna
